

HIPS Northwest Region and Slide Preservation Report - 2018

We have received a few more slide collections but I am still working on Larry Harder's collection, which has more than 2000 slides in it dating back to 1956. I am now up to 1986-1987.

In the last nine years, we have received over 50,000 slides and scanned over 20,000 of them. Over 3,000 digitized photos have gone to the AIS Encyclopedia and filled empty spots where there were no photos - great news!

As for the Northwest Region, we are hosting the 2019 AIS Convention in San Ramon, California. Tours of many area gardens are planned, and Mary Hess of Bluebird Haven Iris Garden is our scheduled HIPS speaker.

Janet Smith
HIPS Northwest Regional Director
